V. DISCONTINUANCE OF SERVICE

- 1. Service may be discontinued by the district when charges remain unpaid beyond the due date, or at the customer's request.
- 2. The district may remove meters where service has been discontinued for one year. A meter restoration fee will be required to reinstate the meter.
- 3. If a customer has more than one water account, any active account may be subject to disconnection for unpaid charges from a terminated account of the customer.

VI. RESTORATION OF SERVICE

- 1. When the customer applies for restoration of service, any unpaid water charges accrued previously in his/her name must be paid.
- 2. If the meter has been removed, all of the following additional comments will apply:
 - a. A charge (as noted in section IV, item 8) will be made for reinstallation of a meter and a deposit may be required.
 - b. If the existing lateral is no longer usable, or cannot be reasonably located, the standard lateral installation charge must be paid.
 - c. Connection fees shall be charged to customers in cases where the owners of the land to be served have not previously contributed to the cost of construction of an existing water main.
 - d. All delinquent district assessments must be paid.
 - e. The district reserves the right to change the size of the meter to conform to the rates and rules.
